Confidential Health Plan Information for:

ELAINE HILL

Date of Birth: 07/01/1976

**The request you or your doctor asked us to review is approved.
Read on for important information.**

AUMSI UM Services, Inc. provides utilization management services for Anthem Blue Cross Life and Health Insurance Company.

Dear ELAINE HILL,

Thank you for trusting us with your health care coverage. Recently, you or your doctor asked us to review a request for the service listed in the table — and the request has been approved. This approval means that, based on the information given to us, the service is considered medically necessary under your benefit plan.

Anthem Blue Cross Life and Health Insurance Company is an independent licensee of the Blue Cross Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc. AUMSI UM Services, Inc. is a separate company providing utilization review services on behalf of Anthem Blue Cross Life and Health Insurance Company.

**Shop around for the best price.**

Lab tests, scans, X-rays and even procedures like colonoscopies and knee replacements can vary widely in price. Example: An MRI can cost \$300 or \$3000, depending on where you go. That can make a big difference, even if you're only paying a portion of the cost.

This approval is for the specific days, service and provider listed. The location also matters. Your provider may be in your plan's network at one location but not another. If any of these change, or your plan renews before you get the service, we'll need to review your case again. If that happens, just call the precertification number on your ID card.

Will my claim be covered?

It should be covered as long as:

- You are eligible and enrolled in your health plan when you get the service.
- You don't reach a benefit limit that applies to the service at the time we process the claim. For the most up to date information on your benefits, contact customer service prior to your next visit.
- The information we received when we reviewed your request is accurate.

The No Surprises Act may apply. The "No Surprises Act", is a Federal Law which mandates that patients are only responsible for in- network cost-sharing amounts, including deductibles, in emergency situations and certain non- emergency situations where patients do not have the ability to choose an in-network provider (including air ambulance providers). The law also prohibits providers from balance billing except in limited circumstances with patient notice and consent. The act also requires an independent dispute resolution process for providers and plans who cannot reach an agreement on payment.

Get the most from your health plan

This is a perfect time to revisit your plan information and review what's covered. Not sure how your plan works? Refer to your plan documents or log in to your online account if you have one. And, of course, you can always call the number on your ID card.

Last, just a friendly reminder to show your ID card when you get care. It will simplify the process and help ensure you get all the benefits of your health plan. Thank you again for being an Anthem Blue Cross Life and Health Insurance Company member.

If you have any questions about this letter, please call (800) 451-6780.

Sincerely,

Care Management

Note: We're also sending a copy of this letter to JAIME S SCHWARTZ and TLC SURGERY CENTER.

Even though you are getting an approval:

- If you did not pre-certify or provide notification of admission timely, your payment could be reduced and/or denied.

Members should not be billed for the amount reduced and/or denied.

Providers: You are required to return, destroy or further protect any PHI received on this document pertaining to members that you are not currently treating. Providers are required to immediately destroy any such PHI or safeguard the PHI for as long as it is retained. In no event are you permitted to use or re-disclose such PHI.

If codes are included in a *request for approval* of a service or treatment and are not consistent with industry standard billing practices, the codes may not be paid at the time of claim submission.
